

#### **4th Annual Kawartha Farm Stewardship Workshop**

The Kawartha Farm Stewardship Collaborative (KFSC) invites farmers to attend the 4th Annual Kawartha Farm Stewardship Workshop on Saturday, February 6, 2016 at Westdale United Church (1509 Sherbrooke Street) in Peterborough.

The full-day workshop will feature presentations and exhibits on:

- ~ Climate Change – a hot topic on the Farm, with Don McCabe, President of the Ontario Federation of Agriculture, Professor Ralph Martin of the University of Guelph and Jessica Young of Trent University;
- ~ Drinking Water Source Protection Updates and your Farm, with Terri Cox of the Otonabee-Peterborough Source Protection Area and Mike Wilson of the Kawartha-Haliburton Source Protection Area;
- ~ Invasive plants and their impacts on agriculture, with Collin Cassin of the Ontario Invasive Plant Council; and
- ~ Funding and Technical Support for farm stewardship projects.

Tickets to the event are \$25.00 per person and include a hot lunch. Pre-registration is required. Register online at [www.kawarthafarmstewardship.org](http://www.kawarthafarmstewardship.org). For additional information contact Farms at Work at 705-743-7671 or [info@farmsatwork.ca](mailto:info@farmsatwork.ca).

The members of the Kawartha Farm Stewardship Collaborative include local and provincial farm and stewardship organizations - Farms at Work, Bay of Quinte Remedial Action Plan, Ducks Unlimited Canada, Ganaraska Region Conservation Authority, Kawartha Conservation, Lake Simcoe Region Conservation Authority, Lower Trent Conservation, Otonabee Conservation, Ministry of Natural Resources and Forestry, Ontario Soil and Crop Improvement Association, and the Peterborough County Stewardship Council - working together to assist the agricultural communities of east central Ontario in carrying out on-farm environmental projects and stewardship. For more information on the KFSC, please visit [www.kawarthafarmstewardship.org](http://www.kawarthafarmstewardship.org).
