

## **Give the Gift of Nature to Your Child Before They Go Back to School**

With summer quickly (and sadly) coming to an end, the Ganaraska Region Conservation Authority (GRCA) invites local parents to give the gift of nature to their child before school resumes.

Due to popular demand, the GRCA has wrapped-up all 6 weeks of Nature Nuts Summer Camp into The Best of Nature Nuts Camp, taking place August 31st – September 4th! This new camp will feature highlights from each of our themed weeks, including Stomp Rockets and Burrowing Owl Game from Enraptured by Raptors week, Froggy Fling and Gecko Tails from Reptiles and Amphibians week, Fire Triangle and Fox Walk games from Surviving the Elements week, UV Evidence Search from Crime Scene Investigation week and more fun activities and water games from Crafty by Nature week.

The week will end with a fun visit to the Ganaraska Forest Centre (GFC). For an additional \$25.00 per camper and as an added bonus, a fully supervised, one-night, optional overnight adventure (on the Thursday night) will be included for hearty campers to spend a night under the stars in provided tents and bedrolls from the Rotary Club of Cobourg (subject to enrolment).

The Best of Nature Nuts Camp is guaranteed to be one of your child's favourite summertime memories! The GRCA and GFC are open Monday through Friday 8:30 – 4:30; please contact us for more information, or visit [www.grca.on.ca](http://www.grca.on.ca) and [www.ganaraskaforestcentre.ca](http://www.ganaraskaforestcentre.ca) – just look for the Nature Nuts squirrel.
