#### INDEPENDENT AUDITOR'S REPORT

To the Members of Ganaraska Region Conservation Authority

We have audited the accompanying financial statements of Ganaraska Region Conservation Authority, which comprise the statement of financial position as at December 31, 2015 and the statements of operations, accumulated surplus, cash flows and change in net financial assets for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report to the Members of Ganaraska Reg	gion Conservation Authority (continued)
Opinion	
In our opinion, the financial statements present fairly, in all m Ganaraska Region Conservation Authority as at December 31, its cash flows for the year then ended in accordance with Canadorganizations.	2015 and the results of its operations and

# Notes to Financial Statements December 31, 2015

#### NATURE OF OPERATIONS

The Ganaraska Region Conservation Authority (the "Authority") is established under the Conservation Authorities Act of Ontario to further the conservation, restoration, development and management of natural resources other than gas, oil, coal and minerals for the watersheds within its area of jurisdiction. The Authority's area of jurisdiction includes areas in the Municipality of Clarington, Town of Cobourg, Municipality of Port Hope, Township of Hamilton, Township of Alnwick/Haldimand, Township of Cavan Monaghan and the City of Kawartha Lakes.

The Authority is a registered charity and is exempt from income taxes.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Authority are prepared by management in accordance with Canadian generally accepted accounting principles for organizations operating in the local government sector as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Authority are as follows:

## Accrual accounting

Revenue and expenditures are recorded on the accrual basis, whereby they are reflected in the accounts in the year in which they have been earned and incurred, respectively, whether or not such transactions have been settled by the receipt or payment of money.

## Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Contributed tangible capital assets are recorded at fair market value at the date of contribution. The cost of the tangible capital assets is amortized on a straight-line basis (except land which is not amortized).

Service life of tangible capital assets is as follows:

Land improvements	15 to 40 years	straight-line method
Building and building	25 to 40 years	straight-line method
improvements		
Furniture and fixtures	10 to 40 years	straight-line method
Machinery and equipment	5 to 30 years	straight-line method
Vehicles	5 to 25 years	straight-line method
Computers and computer	3 to 10 years	straight-line method
software		
Infrastructure	20 to 100 years	straight-line method

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenditures as incurred.

(continues)

# Notes to Financial Statements December 31, 2015

#### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Reserves

Reserves for future expenditures and contingencies are established as required at the discretion of the members of the Authority. Increases or decreases in these reserves are made by appropriations to or from operations.

### Cash and cash equivalents

The Authority considers deposits in bank as cash and cash equivalents.

## Revenue recognition

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made.

User charges and fees are recognized as revenue in the period in which the related services are performed.

Revenue from the lease of a specific section of the Ganaraska Forest and office space to an outside company is recognized monthly as set out in the terms of the lease agreement.

#### Deferred revenue

The Authority receives certain amounts principally from other public sector bodies, the proceeds of which may only be used in the conduct of certain programs or completion of specific work. Further, certain user charges and fees are collected but for which the related services have yet to be performed. These amounts are recognized as revenue when the related expenditures are incurred or services performed.

#### Measurement uncertainty

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. In particular, estimates are used in accounting for certain items such as the allowance for doubtful accounts and useful lives of tangible capital assets. Actual results could differ from these estimates.

#### Donated capital assets, materials and services

Donated capital assets are recorded at fair value when fair value can be reasonably estimated. Donated materials and services are not recorded.

#### Contributed services

Volunteers contribute significant time to the governance and delivery of the Authority programs. Due to the difficulty in determining the fair value of these contributions, contributed services are not recognized in the financial statements.

# Notes to Financial Statements December 31, 2015

#### 3. TERM DEPOSIT

	2015	 2014
Redeemable GIC, Bank of Montreal, 1.20%, maturing		
December 10, 2020	\$ 42,981	\$ =

The term deposit noted above represents the balance remaining in the Barbara Young reserve. The Authority has internally restricted these funds for use in the Trappers and Traders program and therefore the above GIC was purchased to segregate the remaining funds. (See Note 8 for further details of the bequest)

#### 4. BANK INDEBTEDNESS

The operating line of credit is secured by a general security agreement. The authorized line of credit is \$250,000 with interest charged at prime plus 0.50%, of which \$250,000 remained unused as at December 31, 2015.

#### 5. GOVERNMENT REMITTANCES PAYABLE

Included in accounts payable is a Government remittance payable of \$4,407 due to the Minister of Finance.

### 6. TANGIBLE CAPITAL ASSETS

	_	Cost	 cumulated nortization	1	2015 Net book value	1	2014 Net book value

	\$ 7.682.850	\$ 7.752.534

2014

2015

# Notes to Financial Statements December 31, 2015

#### 8. BARBARA YOUNG BEQUEST

During the year, the Authority received a bequest from the Estate of Barbara Young. The total amount received was \$57,981. Although the amount was not externally restricted, the Authority has elected to spend the funds on a new Trappers and Traders program. During the year, \$15,000 was spent on the Trappers and Traders program, leaving a balance of \$42,981 at December 31, 2015. The Authority purchased a term deposit (Note 3) and created a reserve account (Note 7) in the accumulated surplus to segregate the remaining funds.

#### 9. PENSION AGREEMENTS

The Authority has a pension agreement with the Ontario Municipal Employee Retirement System ("OMERS") which is a multi-employer plan. The plan is a defined benefit pension plan, which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. The Authority remits monthly to OMERS the employee withholdings and matching contributions.

The Authority staff eligible for OMERS had the choice of joining OMERS or remaining a member of the existing group registered retirement savings plan ("RRSP"). Some members of staff chose to remain with the RRSP and employer contributions are being made to this plan rather than OMERS on behalf of those employees.

#### 10. COMMITMENTS

(a) The Authority has lease commitment expenditures on various equipment. The future minimum lease payments as at December 31, 2015 are as follows:

2016	\$ 4,944
2017	2,432
2018	608

(b) The Authority has entered into a lease agreement with an outside company for a specific section of the Ganaraska Forest as well as some office space. The lease has an initial term of ten years, ending in June 2021, and an option to renew for a further five years. The future minimum lease revenue to be received by the Authority as at December 31, 2015 is as follows:

\$ 29,598
29,598
29,598
29,598
29,598
\$

#### 11. FINANCIAL INSTRUMENTS

The fair value of cash, temporary investments, accounts receivable, accounts payable and deferred revenue are approximately equal to their carrying value due to their short-term maturity date.

# Notes to Financial Statements December 31, 2015

## 12. BUDGET FIGURES

The 2015 budget figures included in these financial statements are those adopted by the Authority on May 21, 2015. The budget figures are unaudited.
