Ganaraska Forest Centre – Operational Funding Contingency

The Ganaraska Forest Centre (GFC) delivers outdoor education programming to school boards across the province, offering curriculum-aligned experiences that support student learning. The Centre's operations rely, in part, on user fees collected from schools participating in these programs.

In the event of an unforeseen interruption in revenue from schools—through no fault of the Ganaraska Region Conservation Authority (GRCA)—a portion of the municipal general levy may be reallocated from Category 1 to support the continued operation of the GFC. This reallocation will not exceed three percent (3%) of the municipality's apportioned share of the general levy, which is found in the current years financial budget located on the GRCA's website and is intended to offset general operating expenses during such interruptions.
