

NOTICE OF MEETING

DATE: April 16, 2026

TIME: 4:00 pm

LOCATION: Hybrid Meeting

AGENDA

MEETING:

BOARD OF DIRECTORS

MEMBERS:

Randy Barber, Mark Lovshin, Vicki Mink, Miriam Mutton, Lance Nachoff, Tracy Richardson, Adam Pearson, Joan Stover, Willie Woo, Margaret Zwart

1. Welcome, Land Acknowledgement and Call to Order
Land Acknowledgement
The Ganaraska Region Conservation Authority respectfully acknowledges that the land on which we gather is situated within the traditional and treaty territory of the Mississauga's and Chippewa's of the Anishinabek, known today as the Williams Treaties First Nations. Our work on these lands acknowledges their resilience and their longstanding contribution to the area. We are thankful for the opportunity to live, learn and share with mutual respect and appreciation.
2. Disclosure of Pecuniary Interest
3. Minutes of Last Meeting – **March 19, 2026 – attached**
4. Adoption of the Agenda

5. Business Arising from Minutes:
None.
6. Delegations:
None.
7. Presentations:
None.
8. Correspondence:
None.
9. Applications under Ontario Regulation 41/24 and *Conservation Authorities Act*:
Permits approved by Executive - **schedule attached**
Permit applications requiring Board of Directors discussion:
None
10. Committee Reports:
a) Ganaraska Forest Recreation Users Committee Minutes - April 2, 2026 –
attached
11. New Business:
a) 2026 Financial Budget– **staff report attached**
b) Appointment of Transition Committee Representatives - **staff report attached**
c) Update on Consolidation of Conservation Authorities – **staff report attached**
12. Other Business:
None.
13. Public Question Period - **Agenda Items Only**
 - All questions are to be submitted the day before by 4:00 pm in advance of the Board of Directors meeting in order to allow staff to prepare the answers to the questions. The Chair has discretion for questions on the day of the meeting.
 - A maximum of 10 minutes will be allotted for the Question Period. More time can be allocated at the discretion of the Chair.
 - Persons wishing to ask a question must state their name and address for the record.
 - Questions will be restricted to only those items listed on the agenda.
 - Questions cannot be asked on “In Camera” items.

- Questions cannot be asked with respect to minutes of Board of Directors meetings or committee meetings.

- All persons will speak respectfully when asking the question.

- The Chair may conclude the Question Period prior to the ten (10) minute time limit, where attendees are disobeying the Rules of Order, or a decision of the Chair, or where there are no questions.

14. In Camera:
None.

15. Adjourn

GANARASKA REGION CONSERVATION AUTHORITY

MINUTES OF THE BOARD OF DIRECTORS

March 19, 2026 (Hybrid)

GRCA 01/26

1. Welcome, Land Acknowledgement and Call to Order

The Chair called the Ganaraska Region Conservation Authority (GRCA) Board of Directors meeting to order at 4:00 p.m.

MEMBERS PRESENT: Vicki Mink, Chair - Municipality of Port Hope
Randy Barber, Vice-Chair - Town of Cobourg
Mark Lovshin, Chair - Township of Hamilton
Miriam Mutton - Town of Cobourg
Lance Nachoff - Township of Cavan Monaghan
Adam Pearson - Municipality of Port Hope
Tracy Richardson - City of Kawartha Lakes
Joan Stover - Township of Alnwick/Haldimand

ALSO PRESENT: Linda Laliberte, CAO/Secretary-Treasurer
Cory Harris, Watershed Services Coordinator
Ken Thajer, Planning and Regulations Coordinator

ABSENT WITH REGRETS:

ALSO ABSENT: Margaret Zwart - Municipality of Clarington
Willie Woo - Municipality of Clarington

Land Acknowledgement

The Ganaraska Region Conservation Authority respectfully acknowledges that the land on which we gather is situated within the traditional and treaty territory of the Mississauga's and Chippewa's of the Anishinabek, known today as the Williams Treaties First Nations. Our work on these lands acknowledges their resilience and their longstanding contribution to the area. We are thankful for the opportunity to live, learn and share with mutual respect and appreciation.

2. Disclosure of Pecuniary Interest

None.

3. Minutes of Last Meeting

GRCA 01/26

MOVED BY: Adam Pearson

SECONDED BY: Randy Barber

THAT the Ganaraska Region Conservation Authority approve the minutes of the

November 27, 2025 meeting.

CARRIED.

4. Adoption of the Agenda

GRCA 02/26

MOVED BY: Miriam Mutton

SECONDED BY: Joan Stover

THAT the Ganaraska Region Conservation Authority adopt the agenda.

CARRIED.

5. Business Arising from Minutes:

None.

6. Delegations

None.

7. Presentations

None.

8. Correspondence

02/26 Ministry of Environment, Conservation and Parks

GRCA 03/26

MOVED BY: Mark Lovshin

SECONDED BY: Tracy Richardson

THAT the Ganaraska Region Conservation Authority note and file the correspondence.

CARRIED.

9. Applications under Ontario Regulation 41/24 and *Conservation Authorities Act*.

Permits approved by Executive:

Board members asked questions with regards to fibre optics.

GRCA 04/26

MOVED BY: Mark Lovshin

SECONDED BY: Tracy Richardson

THAT the Ganaraska Region Conservation Authority receive the permits for information.

CARRIED.

Permit Application requiring Ganaraska Region Conservation Authority Board of Directors discussion:

None.

10. Committee Reports:

None.

11. New Business:

a) Application to WECl Program for Funds to Undertake an Environmental Assessment for Garden Hill Dam

GRCA 05/26

MOVED BY: Adam Pearson

SECONDED BY: Lance Nachoff

THAT the Ganaraska Region Conservation Authority support an application to the WECl program for funding to complete a Class EA for the Garden Hill Dam to evaluate repair and decommissioning alternatives to determine a preferred option for the future of the Garden Hill Dam.

CARRIED.

b) 2025 Timeline Report for Section 28.1 Application

GRCA 06/26

MOVED BY: Joan Stover

SECONDED BY: Tracy Richardson

THAT the GRCA Board of Directors receive the Staff Report regarding 2025 Timeline Report for Section 28.1 Applications for information.

CARRIED.

c) Update on Consolidation of Conservation Authorities

The CAO/Secretary-Treasurer presented the staff report on the recent update of March 10, 2026 which provided updated information on the consolidation of the 36 Conservation Authorities into now, 9 regional conservation authorities. It is anticipated the consolidations to be complete by February 1, 2027.

The Board members questioned the guardrails in place, and it was explained that the ongoing projects will continue to move forward. A question was raised as to how legacy donations will be handled. The CAO/Secretary-Treasurer stated many of donations received have been set up in reserves for specific uses. The province has indicated that these donations will still be honoured however, staff will look further into this as the process takes place. There was also discussion with regards to the term of the Boards and how long the current members will be in place.

GRCA 07/26

MOVED BY: Randy Barber

SECONDED BY: Tracy Richardson

THAT the Board of Directors receive the staff report for information.

CARRIED.

12. Other Business

None.

13. Public Question Period

None.

14. In Camera

None.

15. Adjourn

GRCA 08/26

MOVED BY: Joan Stover

THAT the meeting adjourned at 4:45 p.m.

CARRIED.

CHAIR

CAO/SECRETARY-TREASURER

Conservation Authorities Act - Ontario Regulation 41/24

Permits approved by Executive:

Date: April 16, 2026

Permit No.	Date	Address	Municipality/ Township/Town	Description of Works
2553-03/26	Mar 24/26	Brook Creek north of Elgin Street E. and Brook Road N. intersection Pt. Lts. 12 & 13, Conc. 1	Cobourg	Development activity in a Regulated Area, and Alteration to a Watercourse, for the purpose of the realignment of a Brook Creek Tributary.
2563-04/26	Apr 07/26	King Street W. (from Cobourg Creek to William Street), Cobourg Pt. Lts. 19 & 20, Conc. A	Cobourg	Replacement of storm sewer outlets, associated with King Street West Reconstruction – Phase 1
2567-03/26	Mar 12/26	8671 Langstaff Road – Kendal Pt. Lt. 4, Conc. 8	Clarington	Construction of a horse-riding arena.
2568-03/26	Mar 12/26	Hickerson Road (adjacent #3524) Pt. Lt. 2, Conc. 4	Hamilton	Installation of new underground fibre optic cable.
2569-03/26	Mar 25/26	7902 Leskard Road Leskard Pt. Lt. 32, Conc. 7	Clarington	Construction of a single-family dwelling, septic system, driveway and non-habitable accessory building.
2570-03/26	Mar 25/26	7842 Leskard Road Leskard Pt. Lt. 32, Conc. 7	Clarington	Construction of a single-family dwelling, septic system and driveway.

**MINUTES OF THE GANARASKA FOREST
RECREATIONAL USERS COMMITTEE**

April 2, 2026

RUC 1/26

As per Recreational Users Committee (RUC) Terms of Reference, *“One half (50%) of the Committee’s voting membership shall form a quorum for the transaction of business”*. With 13 voting members, 7 people constitute a quorum. Shortly after 7:00pm, 6 voting members were present, and the Chair announced an absence of quorum. Following the Ganaraska Forest Recreational Users Committee Terms of Reference, the Chair asked that the present members reconvene at 7:30 pm. At 7:30 pm, quorum was not achieved, and the Chair cancelled the meeting due to a lack of quorum. Ed Van Osch Forest Recreation Technician informed the members present that the next scheduled RUC meeting is at 7 pm on June 4, 2026.

MEMBER PRESENT: Bob Gallagher, Chair
Matthew Robbins, Ontario Federation of Anglers and Hunters
Jim Pearson, Ontario Trail Riders Association
Alex Schmidt, Ontario Cycling Association
Steve Brownell, Municipality of Port Hope
Maureen McDonald, Township of Cavan Monaghan
Paul Kravis, Municipality of Clarington
Lance Nachoff, GRCA Board of Directors

ALSO PRESENT: Ed Van Osch, GRCA Forest Recreation Technician
Pam Lancaster, GRCA Conservation Lands Coordinator

ABSENT WITH REGRETS: Rick Trumper, Ontario Federation of Snowmobile Club
Lisa Thompson, Ontario Federation of Snowmobile Clubs
Matt Mair, Ontario Nature

ALSO ABSENT: Garry Niece, Hike Ontario
Shawn Marshall, Cross Country Ontario
Amber Panchyshyn, Orienteering Ontario
Carolyn Richards, Ontario Federation of ATV Clubs
Peter Wood, Ontario Federation of 4WD Recreationists

Chair

Forest Recreation Technician

STAFF REPORT – April 16, 2026

TO: Chair and Members of the Board of Directors

Re: 2026 Financial Budget

Attached is the Ganaraska Region Conservation Authority (GRCA) 2026 Financial Budget.

With regards to sources of revenues, the municipal levy, in the amount of \$1,357,758, was passed at the November 27, 2025, Board of Directors' meeting. It is anticipated that Provincial Section 39 funding will remain at \$51,863.00. This has not been confirmed to date. Other revenue also includes the program administration charge applied to capital projects which represents approximately 11% of the total which accounts for overhead covering administration costs and is reported in corporate services. The budget also includes the Forest Centre auxiliary building budget which is expected to go to tender in early June with construction completed by the end of the year.

Board members are encouraged to contact the CAO/Secretary-Treasurer to answer any questions in advance of the meeting or should a more in-depth review of the budget be requested, a meeting to review the budget prior to the board meeting can certainly be arranged.

RECOMMENDATION:

THAT the Board of Directors approve the 2026 Financial Budget.

Prepared by:

Linda J. Laliberte, CPA, CGA
CAO/Secretary-Treasurer

GANARASKA REGION CONSERVATION AUTHORITY

Established 1946

The objects of an Authority are to provide, in the area over which it has jurisdiction, programs and services designed for the purpose of furthering the conservation, restoration, development and management of natural resources in watershed(s).

Watershed Municipalities

The watershed covers an area of 935 square-kilometres and has a population of 76,276.

Municipality of Clarington
Township of Hamilton

Town of Cobourg
Township of Alnwick/Haldimand
Township of Cavan Monaghan

Municipality of Port Hope
City of Kawartha Lakes

2026 Board of Directors

The Board of Directors usually meets the 3rd Thursday of every month or at the call of the Chair.

Municipality of Port Hope – Vicki Mink*

Town of Cobourg – Randy Barber**

Municipality of Clarington – Willie Woo

Town of Cobourg – Miriam Mutton

The Ganaraska Region Conservation Authority's Shared Vision:
Clean Water, Healthy Land For Healthy Communities

The Ganaraska Region Conservation Authority's mission is to enhance and conserve across the Ganaraska Region Watershed by serving, educating, informing and engaging.

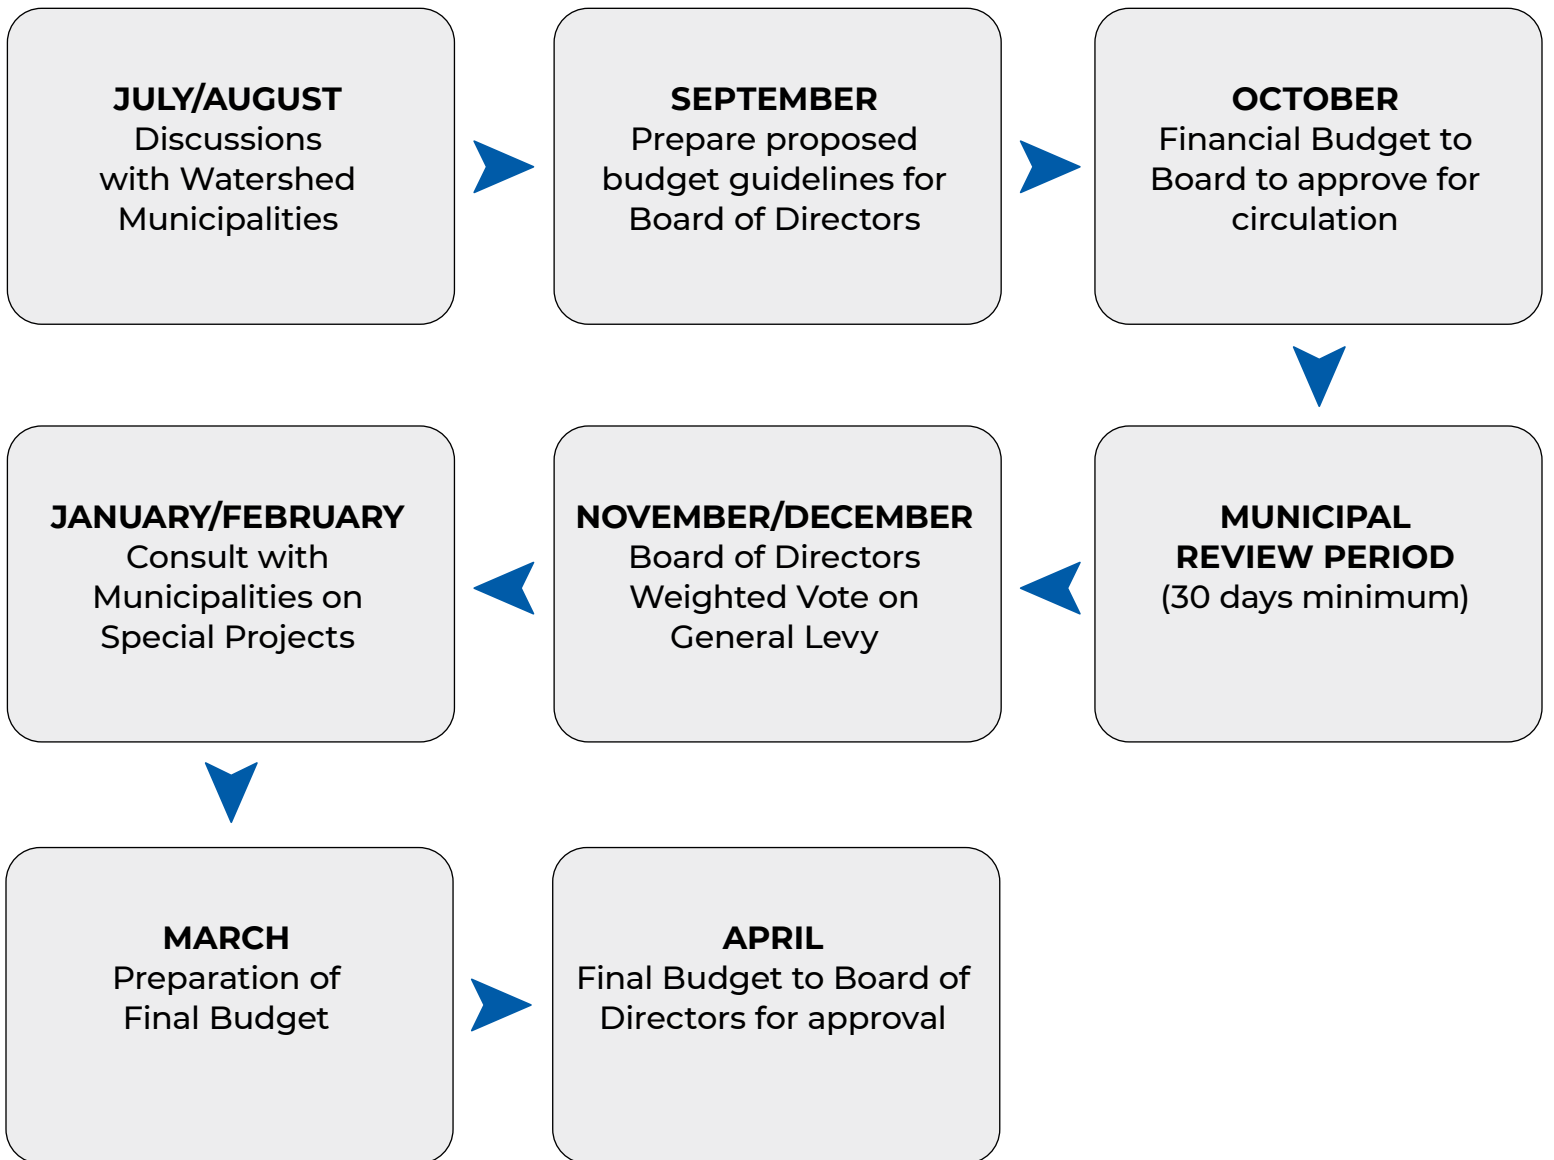

Our Shared Values

- To Explore is to Value Knowledge
- To Learn is to Value Collaboration
- To Lead is to Value Excellence
- To Evolve is to Value Innovation

Nachoff (*Board Representation*)

THE BUDGET PROCESS

2026 FINANCIAL BUDGET PRESENTATION FORMAT

The Ganaraska Region Conservation Authority (GRCA) has 5 program and service departments:

- Watershed Management and Health Monitoring
- Environmental Advisory Services
- Watershed Stewardship
- Conservation Lands Management
- Corporate Services

The departments are further reported in accordance with the categorization as required by the **Regulation 687/21** as explained below.

Conservation Authorities Act (CA Act) Regulations

In October 2021, the Province of Ontario released Phase 1 regulations designed to implement amendments to the CA Act.

- *Ontario Regulation 686/21: Mandatory Programs and Services*
- *Ontario Regulation 687/21: Transition Plans and Agreements for Programs and Services*
- *Ontario Regulation 688/21: Rules of Conduct in Conservation Areas*

Categorization of Programs and Services as per Regulation 687/21:

1. Mandatory programs and services

Defined in regulation; where municipal levy could be used without any agreement.

2. Municipal programs and services

Programs and services at the request of a municipality (with municipal funding through an MOU/agreement).

The budget columns report on the dollar amounts for the previous budget figure and the proposed preliminary budget figure for the current year. As with previous budgets, the budget figures may have been adjusted throughout the year to reflect unexpected decreases/increases in the funding revenues.

In cases where the funding received for a capital project is not spent, those funds are carried forward as deferred revenue.

The Phase 2 Regulations were finalized under the *Conservation Authorities Act* in April 2022.

The programs of the GRCA are classified into 5 areas. The budget format reflects the program areas into categories 1, 2 and 3, which are reflected in the *Programs and Services Inventory* and has been attached at the end of the budget. This inventory was finalized and approved by the Board of Directors at the September 21, 2023, meeting.

3. Other programs and services

Programs and services an Authority determines are advisable (use of municipal levy requires an MOU/agreement with participating municipalities).

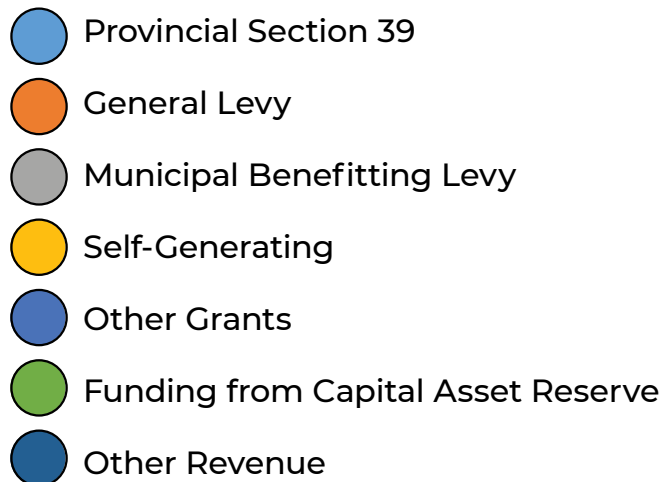

2026 FINANCIAL BUDGET SUMMARY

Ganaraska Conservation's operating budget for 2026 is \$5,253,795.

The following pages provide some explanation on the revenues and expenditures, a budget breakdown, as well as a breakdown of the levy for each watershed municipality.

2026 REVENUES

- Provincial Section 39 funding of \$51,863.
- The General Levy increase is 3.0% and includes a minimum levy of \$17,461 for a total General Levy of \$1,357,798.
- Municipal Benefitting Levy totals \$859,600.
- Self-Generating Revenue totals \$1,529,755.
- Other Grants of \$496,300.
- Funding from Capital Asset Reserve of \$35,000.
- Other Revenue totals \$923,479.
- Total Revenue \$5,253,795.

2026 FINANCIAL BUDGET SUMMARY

SOURCES OF REVENUE

Provincial Section 39 funding

The Ontario Ministry of Natural Resources and Forestry provides funding to the Ganaraska Region Conservation Authority and it is expected the 2026 funding will remain in the amount of \$51,863. This amount is approximately 50% of the funding that was provided for over the last 20 years and has remained at this reduced amount since 2019. This funding supports the mandated flood forecasting and warning programs.

Municipal General Levy

The municipal general levy is funding provided by municipalities to support Category 1 programs and services such as enabling services of corporate services, low water response, environmental monitoring and conservation land expenses for recreational uses.

Municipal Benefitting Levy

Municipal benefitting levy is funding that supports benefitting or special projects which are projects carried out for specific watershed municipalities. Such projects are normally capital projects and may be shared by two or more municipalities within the conservation authority jurisdiction.

Self-Generating Revenue

Self-generating revenue include user fees for planning services and are set to recover but not exceed the costs associated with administering and delivering there services on a program basis can include site inspections and legal inquiries.

Ganaraska Forest membership and day passes, as well as bookings at the Forest Centre for education, weddings and camping. Special events, leasing lands, tree planting program revenues and timber management are also included.

Other Grants

Other grants include employment programs.

Funding from Capital Asset Reserve

Funding is set aside each year, \$195,074 in 2026, from the associated program areas and placed in a reserve that is to be utilized to fund the replacement of the physical assets of the GRCA.

Other Revenue

Other revenue includes funding of projects that Ganaraska Conservation partners on with other conservation authorities, municipalities and counties that are outside of the GRCA jurisdiction as well as deferred funding.

Administration fees which are fees charged for payroll costs and overhead against a program or project, are also reported.

2026 FINANCIAL BUDGET SUMMARY

EXPENDITURES

- Watershed Management & Health Monitoring
- Environmental Advisory Services
- Watershed Stewardship
- Conservation Land Management
- Corporate Services

Watershed Management and Health Monitoring

Costs required to develop the framework and management strategy to provide a rational approach to natural systems protection, restoration and use.

Environmental Advisory Services

Costs associated with providing environmental review of development proposals submitted by municipalities, general public and developers.

Watershed Stewardship

Costs associated with providing services and/or assistance to watershed residents and municipalities on sound environmental practices that will enhance, restore or protect properties.

Conservation Land Management

Costs associated with land or buildings either owned or managed by the Authority and may have active programming on conservation lands.

Corporate Services

Costs associated with the management and programs delivery.

WATERSHED MANAGEMENT & HEALTH MONITORING

Watershed Management and Health Monitoring Program costs are those required to develop the framework and management strategy to provide a rational approach to natural systems protection, restoration and use. Programs within this area are in Category 1 and 2.

Flood Protection Services fall within this department, which include costs associated with providing watershed residents with an effective and efficient system that will reduce their exposure to the threat of flood damage and loss of life.

FLOOD PROTECTION SERVICES

Flood Forecasting and Warning – **Category 1:**

Procedures, undertaken by the Conservation Authority, required to reduce the risk of loss and property damage due to flooding through the forecasting of flood events and issuing of flood warnings, alerts and advisories to prepare those who must respond to the flood event. This is currently funded about 35% by the province and 65% by general levy.

Flood/Erosion Control Structures – **Category 1:**

Preventative maintenance to the flood and erosion control structures throughout the watershed.

Floodplain Regulations – Category 1: Includes costs associated with implementing the fill and floodplain regulations required ensuring the integrity of the watershed floodplain management system.

Floodplain Mapping & Flood Mitigation Projects

– **Category 1:** Floodplain mapping improves flood management response and assists municipalities to understand their flood risk. Includes partnership projects funded by the Flood Hazard Identification and Mapping Program (FHIMP).

GIS Services & Remote Sensing – **Category 2:**

GRCA staff continue with these partnerships.

Resource Inventory and Environmental Monitoring

– **Category 1:** The groundwater program, funded by the Region of Durham, Municipality of Port Hope and the Township of Hamilton is also reflected under this area.

Category 2: The Municipality of Clarington, with Port Hope, Cobourg and Hamilton are funding watershed monitoring.

Natural Heritage Mapping – Category 2: Natural heritage mapping for the watershed is continuing using funds from the Municipality of Clarington.

Source Protection Planning – **Category 1:**

GRCA is part of the *Trent Conservation Coalition (TCC) Source Protection Program*, protecting the sources of water (rivers, lakes, aquifers) used for municipal drinking water systems.

Watershed Plans & Strategies – **Category 2:**

Projects undertaken by the Conservation Authority to provide a broad understanding of ecosystem function and status and to make recommendations for appropriate environmental resource management, land use change, land management change, or redevelopment and restoration, on a watershed basis.

PROGRAMS & SERVICES

WATERSHED STEWARDSHIP

The *Watershed Stewardship Program* costs are those associated with providing and/or assistance to watershed residents on sound environmental

practices that will enhance, restore or protect their properties. *Watershed Stewardship* is classified as Category 2 & 3 in the *Programs and Services Inventory*.

LAND STEWARDSHIP

Clean Water - Healthy Land

The *Clean Water-Healthy Land Program* is a stewardship program funded for Durham Region landowners, within the region, as well as being offered by the Municipality of Port Hope and the Township of Hamilton for landowners within the municipalities and in partnership with the Conservation Authority.

Partner Projects include the partnership with the *Greater Golden Horseshoe Conservation Authorities Coalition (GGH CAC)*.

CONSERVATION LAND MANAGEMENT

This program area includes all expenses associated with land or buildings either owned or managed by

the Authority. This area is divided into passive recreation and programmed recreation.

Passive Recreation – Category 1: The costs associated with lands and buildings that do not have active programming. The expenses included are the costs for owning or managing the land.

Programmed Recreation – The direct costs associated with delivering active programming on Conservation Authority lands. This includes the Ganaraska Forest Centre and the Ganaraska Forest.

Ganaraska Forest Centre – Category 3: For over forty years, the Ganaraska Region Conservation Authority has provided a unique outdoor education experience to elementary and secondary students at the Ganaraska Forest Centre. The outdoor education facility offers both day and overnight education programming.

Such programming offered includes: map reading, orienteering, forest studies and stream and pond study. As well, the facility is rented out to Scouts and Girl Guides for weekend use.

Ganaraska Forest – Category 1 & 3: On April 1st, 1997, the Conservation Authority took back management of the Ganaraska Forest from the Ministry of Natural Resources. Revenue from the forest comes from the sale of timber and membership fees. For 2026, the revenue from timber contracts is \$387,255.

The partnership with Treetop Trekking continues and revenues are estimated at \$20,000.

PROGRAMS & SERVICES

CORPORATE SERVICES

This budget area provides the leadership and management in the delivery of all programs and services. It is composed of the wages and benefits of staff of the Conservation Authority, whose main function is to provide coordination, support and

services to all programs rather than specific programs. All expenses associated with the Board of Directors are directed to this area. As well, expenses associated with the operations of the administration building.

Programs and Services Inventory:

Corporate Services is classified as supporting services under **Category 1**. Capital Asset Replacement costs are also classified as supporting services and charged throughout the Category 1 programs and services.

Program Description: Key assistance provided to all departments of the conservation authority, board of directors, member municipalities and the general public to enable Ganaraska Conservation to operate in an accountable, transparent, efficient and effective manner.

Specific items include:

Corporate/Finance Management - includes all administrative and financial staff wages, benefits and expenses, general membership expenses as well as corporate expenses for the Conservation Authority, which includes the levy to Conservation Ontario.

Office Services – includes all wages and benefits for IT staff, as well as expenses, supplies, equipment, computer services, maintenance and utilities for the main administrative building for the various program areas.

Corporate Communications – includes wages and benefits for staff working on communication projects, as well as community and public relations expenses, website maintenance and any information costs.

Special Project in 2026 – GFC Auxiliary Building will be constructed to replace the space lost with the demolition of the quonset building in December 2024. Project completion is anticipated by the end of 2026.

GRCA RESERVES

The Ganaraska Region Conservation Authority has six reserves.

Capital Asset Replacement Reserve

The Ganaraska Region Conservation Authority developed a *Capital Asset Replacement Plan* in 2016. The goal of every capital asset management plan is to define the use of assets in order to streamline productivity and delivery with minimal loss of capital.

Previously established in 1992, this reserve is allocated to major maintenance and replacement of GRCA capital assets. This reserve is an essential part of the GRCA's ongoing fiscal responsibility framework, as it guides the purchase, maintenance and disposal of every asset GRCA needs in order to conduct business.

Forest Land Purchase Reserve

This reserve was established in 2001 with a \$10,000 donation by the Township of Cavan Monaghan to be used for costs associated with a land purchase. In 2024, a bequeath of \$320,625 was received for the purchase of lands.

Forest Centre Reserve

The original reserve was established in 1986. Upon completion of the Forest Centre rebuild in 2009, the reserve was redirected to be used if there was a shortfall in the revenues due to strikes by schools or other situations when the revenues are not able to cover the expenses.

Monies are transferred into the reserve from the Forest Centre revenues when appropriate and the revenues exceed the expenses in any given year at the end of the year prior to the completion of the financial statements.

Barbara Young Bequest

In 2015, the Authority received a bequest from the estate of Barbara Young. The total amount received was \$57,981. Although the amount was not externally restricted, the Authority has elected to spend the funds on a new Trappers and Traders program.

Save the Ganaraska Again

This reserve was set up in 2018 with funds received from the *Save the Ganaraska Again* organization. The funds are to be used to subsidize students who cannot afford to attend the outdoor education programs.

Ganaraska Forest Reserve

This reserve was set up in 2024 to be utilized if there was a shortfall in the revenues due to reduced timber sales in any given year when the revenues are not able to cover the expenses. Monies are deposited into the reserve from the Ganaraska Forest revenues if the total revenues exceed the expenses in any given year at the end of the year prior to the completion of the financial statements.

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
Support Services			
<i>Program Description: Key assistance provided to all departments of the conservation authority, board of directors, member municipalities and the general public to support Ganaraska Conservation to operate in an accountable, transparent, efficient and effective manner.</i>			
CS	Corporate Services	Administrative, human resources, operating and capital costs which are not directly related to the delivery of any specific program or service, but are the overhead and support costs of a conservation authority. Includes health and safety program, overseeing programs and policies.	1
CS	Financial Management	Annual budget, accounts payable and receivable, payroll, financial analysis, financial audit, administration of reserves and investments, financial reports for funding agencies, preparing and submitting reports to CRA, benefits program administration.	1
CS	Legal Expenses	Costs related to agreements/contracts, HR, etc.	1
CS	Governance	Supporting CA Boards, Advisory Committees, Office of CAO/ST	1
CS	Communications & Outreach	Public awareness-natural hazards, flood forecasting and warning, permitting requirements, natural hazard identification, mitigation, readiness and response, governance, policy, municipal and public relations and engagement, conservation lands.	1
CS	Administration Buildings	Administrative office and Millennium Building used to support staff, programs, and services. Includes utilities, routine and major maintenance, property taxes. Included is a charge out for capital asset replacement.	1
CS	Information Technology Management/ GIS	Data management, records retention. Development and use of systems to collect and store data and to provide spatial geographical representations of data. Included is a charge out for capital asset replacement.	1

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
<p>Natural Hazard Management Program <i>Program Description: Conservation Authorities (CAs) are the lead provincial agencies on Natural Hazard issues. The goal is to protect life and property from flooding and erosion. This watershed-wide, comprehensive program includes development applications and permits, municipal plan input and review, environmental planning and policy, flood forecast and warning, flood and erosion control infrastructure, technical studies, ice management, education and public awareness.</i></p>			
WMHM	Section 28 Permit Administration	Reviewing and processing permit applications, associated technical reports, site inspections, communication with applicants, agents, and consultants and legal costs. Violations also fall under this category.	1
EAS	Municipal Plan Input & Plan Review	Technical information and advice to municipalities on circulated municipal land use planning applications (Official Plan and Zoning By-law Amendments, Subdivisions, Consents, Minor Variances). Input to municipal land-use planning documents (OP, Comprehensive ZB, Secondary plans) related to natural hazards, on behalf of Ministry of Natural Resources and Forestry (MNR), delegated to CAs (1983). Input to the review, approval processes under other applicable law, with comments related to natural hazards, wetlands, watercourses, and Sec. 28 permit requirements.	1
WMHM	Flood Forecasting & Warning	Daily data collection and monitoring of weather forecasts, provincial and local water level forecasts, watershed conditions, snow surveys, flood event forecasting, flood warning, communications and response and equipment maintenance.	1
WMHM	Flood & Erosion Control Infrastructure Operation & Management	Water and erosion control infrastructure operations and management. Includes all water management structures (flood control, dams and channels, berms, erosion control, etc.) that are annually inspected and routine maintenance work completed. Included is a charge out for capital asset replacement.	1

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
Natural Hazard Management Program			
WMHM	Flood & Erosion Control Infrastructure Operation & Management	Major maintenance on flood and erosion control structures as required. Projects are dependent on Water and Erosion Control Infrastructure (WECl) funding from the province and support from our municipal partners.	1
WMHM	Low Water Response	Conditions monitoring and analysis. Technical and administrative support to the Water Response Team representing major water users and decision makers, who recommend drought response actions.	1
WMHM	Information Management	Data collection, mapping, data sets, watershed photography. Development and use of systems to collect and store data and to provide spatial geographical representations of data. This includes our Geographical Information Systems and support.	1
WMHM	Technical Studies & Policy Review	Studies and projects to inform <i>Natural Hazards Management Programs</i> , including floodplain management, watershed hydrology, regulations areas mapping update, flood forecasting system assessment, floodplain policy, <i>Lake Ontario Shoreline Management</i> . These projects often occur for a specific number of years and are distributed over time as human resources and funding is available.	1
CL	Natural Hazards Communications, Outreach & Education	Promoting public awareness of natural hazards, including flooding, drought and erosion. Attending public events, supplying materials. Social media services. Media relations. Educate elementary school students through the <i>Spring Water Awareness Program</i> about the danger of floodwaters, dangers of dams, etc.	1

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
<p>Provincial Water Quality & Quantity Monitoring <i>Program Description: Ganaraska Conservation, in partnership with Ministry of Environment, Climate Change and Parks (MECP), has established long term sites to monitor surface and ground water conditions, as well as an investment into long-term monitoring of climate change trends.</i></p>			
WMHM	Provincial Water Quality Monitoring Network (PWQMN)	CA/MECP partnership for stream water quality monitoring at 9 sites. Staff take water samples and MECP does lab analysis and data management. Information is used for <i>Watershed Report Cards</i> and stewardship project prioritization.	1
WMHM	Provincial Groundwater Monitoring Network (PGMN)	A long-standing CA/MECP partnership for groundwater level and quality monitoring at 17 stations. Costs include sampling, data collection, analysis, data management and reporting. MECP funded network installation and continues to fund equipment replacements. Data collected supports groundwater monitoring, low water response and water quality monitoring.	1
<p>Local Water Quality Monitoring <i>Program Description: Ganaraska Conservation, in partnership with community organizations, municipalities, and federal and provincial agencies has established sites to monitor surface water quality and quantity as well as many other parameters to support a healthy ecosystem.</i></p>			
WMHM	Surface Water Quality Monitoring Program	Surface water quality monitoring at 18 surface water sites (in addition to PWQMN), water quantity measurements at 80 baseflow sites and water quality samples collected at 4 auto sampler sites supporting Lake Ontario nearshore water monitoring. Costs include sampling, analysis, equipment maintenance and reporting.	2

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
Drinking Water Source Protection <i>Program Description: The protection of municipal drinking water supplies in the Trent Conservation Coalition (TCC) Region and the Ganaraska Region Source Protection Area through the development and implementation of TCC Source Protection Plans. Ganaraska Conservation is a member of the TCC which is a complex regional grouping of five Source Protection Areas, including Ganaraska, Crowe, Otonabee, Kawartha and Lower Trent Authorities.</i>			
WMHM	Local Source Protection Area DWSP	Source Protection Authority reports, meetings and governance. Delivery of the activities required by the <i>Clean Water Act</i> and regulations, as per <i>Clean Water Act</i> .	1
WMHM	DWSP Risk Management Official	Carrying out Part IV duties of the <i>Clean Water Act</i> on behalf of municipalities through service agreements.	2
Core Watershed-based Resource Management Strategy <i>Program Description: The purpose of a watershed plan is to understand the current conditions of the watershed and identify measures to protect, enhance and restore the health of the watershed. Watershed strategies provide a management framework to provide recommendations which consists of goals, objectives, indicators and management recommendations. This addresses existing issues in the watershed and mitigate impacts from potential future land uses, while recommending appropriate actions to protect, enhance and restore the watershed.</i>			
NEW	Watershed-Based Resource Management Strategy Development	New Project: Collate/compile existing resource management plans, watershed plans, studies and data. Strategy development, implementation and annual reporting. This project builds on previous <i>Watershed Management Strategies</i> . To be completed on or before December 31, 2024 , per requirements of Regulation.	1
Sub-watershed Plans and Projects <i>Program Description: Watershed strategies provide a management framework to provide recommendations which consists of goals, objectives, indicators and recommendations. This addresses existing issues in the watershed and mitigate impacts from potential future land uses, while recommending appropriate actions to protect, enhance and restore the watershed.</i>			
WMHM	Natural Heritage Mapping	Ganaraska Conservation incorporates natural heritage information, particularly around wetlands, to develop planning and regulatory strategies to mitigate downstream natural hazards. Data is also used in hydrologic and hydraulic models.	2
EAS	Watershed Ecology	Ganaraska Conservation provides watershed ecology services to specific watershed municipalities.	2

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
<p>Conservation Authority Lands and Conservation Areas <i>Program Description: Ganaraska Conservation owns over 11,000 acres of land, which includes conservation areas, the Ganaraska Forest, significant wetlands and flood control structures and surrounding land. Ganaraska Conservation property is essential to watershed management, environmental protection, helps implement the Watershed Management Strategy and provides areas for passive recreation.</i></p>			
CL	Section 29 Enforcement and Compliance	<p>Conservation Areas / Ganaraska Forest / regulation enforcement and compliance.</p> <p>Ganaraska Conservation staff and a contracted company patrol the 11,000 acres Ganaraska Forest and conservation areas to ensure that the regulations are being adhered to by the users.</p>	1
CL	Ganaraska Forest	<p>Category 1 - Ganaraska Conservation owns and maintains the 11,000 acre Ganaraska Forest. The forest has 100's of kilometers of multi-use trails that require maintenance year round. This includes recreation, forest management, risk management program, hazard tree management, gates, fencing, signage, communications, pedestrian bridges, trails, parking lots, picnic shelters, road, restoration, ecological monitoring, carrying costs such as taxes and insurance. The <i>Ganaraska Forest Management Plan</i> guides the management of the forest. The plan's primary goal is "to conserve, enhance and, where feasible, restore the Forest ecosystem to reflect the native biodiversity of the Ganaraska Forest, while at the same time embracing recreational, educational and social activities that support the health and sustainability of the Forest."</p> <p>Category 3 – GRCA also performs timber management within the Forest. The <i>Forest Management Plan</i> lists principles by which the forest is managed and the last principle states that "the <i>Ganaraska Forest</i> provides a sustainable economic benefit to the GRCA, without compromising the ecological health of the Ganaraska Forest." The revenues vary from year to year based on the plan. Expenses are matched with those revenues.</p>	1, 3

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
Conservation Authority Lands and Conservation Areas			
CL	Conservation Areas	The GRCA is responsible for the management and maintenance of 9 conservation areas, as well as other lands that are not formal conservation areas. This includes passive recreation, forest management, risk management program, hazard tree management, gates, fencing, signage, communications, pedestrian bridges, trails, parking lots, picnic shelters, road, restoration, ecological monitoring, carrying costs such as taxes, insurance and capital asset replacement.	1
CL	Conservation Area Major Maintenance	Major maintenance and capital improvements to support public access, safety and environmental protection, such as pedestrian bridges, boardwalks, pavilions, trails. These expenses are covered by the capital asset reserve in most cases.	1
CL	Land Acquisition	Strategic acquisition of environmentally significant properties.	2, 3
NEW	Inventory of Conservation Authority Lands	<p>New Project: The land inventory will include the following information: location, date obtained, method and purpose of acquisition, land use. Project updates as inventory changes.</p> <p>To be completed on or before December 31, 2024 per requirements of Regulation.</p>	1
NEW	Strategy for CA owned or controlled lands and management plans	<p>New Project: A strategy to guide the management and use of CA-owned or controlled properties, including guiding principles, objectives, land use, natural heritage, classifications of lands, mapping, identification of programs and services on the lands, public consultation, publish on website. Updates of existing conservation area management plans.</p> <p>To be completed on or before December 31, 2024 per requirements of Regulation.</p>	1
NEW	Land Acquisition and Disposition Strategy	<p>Update current policy to guide the acquisition and disposition of land to fulfill the objects of the Authority.</p> <p>To be completed on or before December 31, 2024 per requirements of Regulation.</p>	1

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
Watershed Stewardship <i>Program Description: The watershed stewardship program includes a fisheries component, a program funded by municipalities which provides funding for landowners for projects and the landowner tree planting program.</i>			
WS	Private Landowner Stewardship Program	Clean Water-Healthy Land – Financial Assistance Program: In partnership with some of the watershed municipalities, Ganaraska Conservation offers environmental, technical and financial assistance, tools and information to any resident, business, school or service club within its jurisdiction and within the participating municipality.	3
WS	Tree Planting Services	Clean Water-Healthy Land – Tree Planting GRCA Tree Seedling Program allows property owners to purchase bare root native tree and shrub seedlings at a minimal cost. GRCA also provides full service tree planting to landowners.	3
WS	Fisheries Services	In partnership with Fisheries and Oceans Canada, Ganaraska Conservation staff are responsible for the <i>Sea Lamprey Monitoring Program</i> on Cobourg Creek, which captures and samples many different species, records the results and submits data. Fish surveys are also done with other partners, such as OPG and Hydro One through agreements.	3
WS	Stewardship Partner Projects	Ganaraska Conservation’s stewardship program partners with various organizations to deliver environmental programs and projects. These programs are for a limited time period. Examples include the Highway of Heroes Tree Campaign tree planting partnership, Forests Ontario and the Durham Collaborative Tree Program.	3

PROGRAMS & SERVICES INVENTORY

Program Area	Program/Service & Sub-services	Description	Category (1,2,3)
<p>Other Program Areas <i>Program Description: Ganaraska Conservation delivers other programs that are not part of the mandatory programs and services as outlined in O. Reg. 686/21. All of the programs are funded without municipal general levy. All of the programs influence and enhance the health and watershed management of the GRCA and are part of a larger integrated watershed management model.</i></p>			
CL	Outdoor Education	The Ganaraska Forest Centre, located in the heart of the Ganaraska Forest, is home to the <i>Outdoor Education Program</i> of the GRCA where thousands of students visit for a day or overnight to learn about their environmental footprint and become familiar with the natural world around them. Taught by Ontario-certified teaching staff, the GFC offers curriculum-based education programs for elementary and secondary students. These programs focus on local watersheds, ecosystems and environmental issues. Programs can also take place at schools (indoors and outdoors) or through online learning.	3
NEW	Other	Opportunities for new projects or programs that benefit the watershed and its municipal partners can occur anytime and can have varying durations. These projects may require matching funding or be self-sustaining. New projects may require municipal participation and/or funding.	3

LANDS ACKNOWLEDGEMENT

The Ganaraska Region Conservation Authority respectfully acknowledges the land on which we gather is situated within the traditional and treaty territory of the Mississauga's and Chippewa's of the Anishinabek, known today as the Williams Treaties First Nations.

Our work on these lands acknowledges their resilience and their longstanding contributions to the area. We are thankful for the opportunity to live, learn and share with mutual respect and appreciation.

STAFF REPORT – April 19, 2026

TO: Chair and Members of the Board of Directors

RE: Appointment of Transition Committee Members

As reported in the March 16, 2026 staff report on the update of the Conservation Authority (CA) consolidations, it was stated that a transition committee for each regional CA will be established under the Ontario Provincial Conservation Agency (OPCA). Each predecessor CA will appoint one municipality elected member and its Chief Administrative Officer (CAO) to the Transition Committee. OPCA will appoint a Project Executive to chair each Transition Committee and who will become the inaugural Chief Administrative Officer of the regional CA for up to 24 months. Transition Committees will develop a transition plan to prepare for the consolidation which is subject to the OPCA's review. The Committees will be dissolved following the regional consolidation.

RECOMMENDATION:

THAT the Board of Directors appoint Vicki Mink, Chair, and Linda Laliberte, CAO/Secretary-Treasurer as Ganaraska Region Conservation Authority representatives to the Transition Committee.

Recommended by:

Linda J. Laliberte, CPA, CGA
CAO/Secretary-Treasurer

STAFF REPORT – April 16, 2026

TO: Chair and Members of the Board of Directors

RE: Update on Consolidation of Conservation Authorities

On April 9 2026, Ministry of the Environment, Conservation and Parks staff, Haassan Basit, Chief Conservation Executive and Kirsten Service, Director, Conservation and Source Protection Branch, held an information session with Chairs and Chief Administrative Officers on the consolidation of Conservation Authorities. As you may be aware, the draft legislation, <https://www.ola.org/en/legislative-business/bills/parliament-44/session-1/bill-97>, was released March 26, 2026 and is expected to receive Royal Assent later this month.

The information session, which is attached to this staff report, provided further information on the process of the amalgamation. Along with the slide presentation, the presenters answered questions that had been previously submitted on various topics. There were answers to questions that referred to the statutory amalgamation stating that the local offices will remain open and assurances that the bank accounts for each predecessor conservation authority (CA) will also remain intact and employment contracts honored. It was stated that in many cases the Project Executive, that will lead the transition committees and will be the initial CAO, will be chosen from the conservation authority world in most cases with watershed knowledge, experience in finances and good leadership skills.

The session also spoke to the fact that the 2027 budgets will be developed in the fall of 2026 by each CA and the current watershed municipalities will be responsible for the 2027 levy payments. The presentation also provided some information with regards to the regional conservation authority governance model stating the board members do not have to be elected officials but must reside in a participating municipality. More information on the governance model will be released in the fall as set out in the Minister's regulation.

There will be regional workshops scheduled and it was stated that there would be information going out to all municipalities in the future.

RECOMMENDATION:

THAT the Board of Directors receive the staff report for information.

Recommended by:

Linda J. Laliberte, CPA, CGA
CAO/Secretary-Treasurer
